Key Features and Advantages

Manage all fleet expenses on the go from your phone, mobile device, or desktop. Edenred Essentials is designed to save your company money at the pump and spend less time managing your fleet. You'll enjoy consolidated and downloadable expense reporting, quick access to our outstanding customer service team, and so much more.

> UNIVERSAL ACCEPTANCE

Collaboration with Visa®

Accepted everywhere that takes Visa®, Edenred Essentials comes in two options:

- Fuel only: Uses real-time spend controls for refueling, including EV charging
- Fuel & More: Includes maintenance, tolls, parking, car washes and in-store purchases

Edenred Essentials offers an open loop system with the controls and advantages of a closed loop system.

And, because we offer Visa, this also includes Visa Benefits. Clients will enjoy Visa Roadside* Dispatch®, whenever you need a tow, and Visa® Zero Liability Waiver, which protects you from potential loss due to employee misuse.

MORE FEATURES

User-friendly Experience

A mobile-first solution, Edenred Essentials allows you to work seamlessly from your phone to your desktop, with a user-consistent experience. Ease of use is important, not only for management and admins, but your fleet drivers. Everyone will appreciate the seamless ease of inputting data and odometer readings at the pump, and receipts will never go missing thanks to our fully digital solution.

Flexible Real-time Controls

Easily define what can be expensed, plus:

- Limit spending by product or dollar amount
- Oversee declined transactions or potential fraud
- Allow employees to request spending limit increase
- Change your settings in seconds

On-hand Expense Data

Track, analyze, and download transaction data to excel for all purchases made by the entire fleet or by a single employee. Our dashboards offer the same functionality, whether accessed from your mobile device or desktop. Get quick access to:

- Purchases by time of day
- Total spend by fuel category
- Total spend by purchase group
- And so much more

Secure Payments

All Edenred Essentials Visa fleet cards are EMV chip cards, which are more secure than magnetic stripe cards. Chip cards are more difficult to clone, and our goal is to stay on top of new security features and keep our clients as safe as possible. Security is always uppermost in our minds at Edenred.

EV Compatibility

Built to accept EV charging payments, Edenred Essentials lets you stay ahead of the curve as your fleet grows and adapts.

Additional Savings

Begin saving at the pump with your first gallon of fuel. Also, with a Costco membership, you can use the Edenred Essentials Visa fleet card to fuel up at any Costco fuel location and receive unmatched fuel savings.
